

# Breastfeeding-Friendly Recognition Awards

The DC and Maryland Breastfeeding Coalitions are seeking nominations of Workplaces, Childcare Providers and Healthcare Providers who play critical roles in supporting breastfeeding.

Since 2010, almost 170 Breastfeeding-Friendly awards have been granted. Our Workplace Award recognizes businesses that have demonstrated support for breastfeeding through a conducive office environment. Our Healthcare Provider Award, which began in 2014, recognizes demonstrated support for breastfeeding in medical offices, along with education of fellow providers, office staff, and families. Lastly, our Childcare Provider Award, launched in 2021, acknowledges the critical role daycare providers play in supporting breastfeeding. The full press release can be viewed [HERE](#). Previous awardees, click on letter. → **WCH**
